SANDBERG PHOENIX

SERVICES

Cybersecurity & Privacy Risk Management

From incident response to compliance, our Cybersecurity & Privacy Risk Management team takes a proactive approach to cybersecurity and data protection for clients in numerous industries.

Sandberg Phoenix's Cybersecurity team understands that your business must protect its information assets. Our team can assist you with an effective information management policy. Our skilled team leverages the support of legal services, technology risk expertise, third-party insurance and third-party public relations to aid organizations.
