

SERVICES

Personal Injury & Tort Defense

Our Personal Injury and Tort Defense attorneys have extensive experience in handling litigation on behalf of businesses and property owners and have successfully defended cases involving injuries to guests at amusement parks, motels, restaurants and bars and sports facilities.

Our attorneys are equipped with the knowledge and skills to handle your matter aggressively while paying close attention to keeping costs in line with the potential exposure. Our premises liability team has had a number of successes in recent years, to include convincing jurors to return defense verdicts in less than 15 minutes. In addition, we regularly advise clients on insurance coverage issues relating to personal injury claims.
