Public Policy & Regulatory Advice –

Municipal Law & Services

Our Municipal Law and Services attorneys offer full-service representation to our governmental and institutional clients.

Our attorneys serve as primary corporate counsel, as well as special outside counsel, to a wide range of governmental entities throughout Illinois and Missouri. We understand that representation of municipal corporations can greatly differ from other clients, and work closely with the elected and appointed leadership to assist them in realizing their vision for their community.

The depth of experience within our Business practice group provides our Municipal Law and Services attorneys with in-house access to some of the area's leading attorneys on specialized issues facing governmental entities, allowing us to consistently produce efficient quality results for your city, town or village, and ultimately for the public.
