

INDUSTRIES

Minority & Women-Owned Businesses

Our business enterprises team offers a full range of legal services for clients dealing with or seeking federal, state and local contracts. These services include assistance in optimizing our clients' minority, women, disadvantaged or veteran-owned business enterprise certification.

We assist in all aspects of business planning to ensure our clients maximize the duration of their certification, in contract drafting and formation, preparation of contract documents, inspection and acceptance, contract changes, construction contracting issues, alternative dispute resolution procedures and litigation before various agencies.

Additionally, we help our clients apply for Women Business Enterprise (WBE) and Minority Business Enterprise (MBE) certification, challenge denial of certification and appeal any process of the certification process.
