Deanne Fix Recognized by Missouri Lawyers Weekly

NEWS & EVENTS: IN THE NEWS

Missouri Lawyers Weekly directed the spotlight on Deanne Fix, Sandberg Phoenix's Manager of Library and Information Services this week. The publication named Deanne one of its 2017 Unsung Legal Heroes. The annual award recognizes the area's top law firm staff members, including law librarians, firm administrators, legal marketers, legal secretaries, information technology staff, accountants, paralegals and legal education professionals. Deanne, who joined Sandberg Phoenix in 2014, was recognized for her commitment to redefining her role as law librarian, developing specialized, cost-effective solutions to address the firm's information needs, and driving several initiatives which resulted in significant reductions in client costs – totaling more than \$1 million to date – and increases in efficiency.
