## Moving Up!

NEWS & EVENTS: FIRM NEWS

The Sandberg Phoenix Clayton, Missouri office has moved up, two floors to be exact. The firm's Clayton-based attorneys and staff are now located on the 16th floor, 120 South Central Avenue, Clayton, Missouri 63105, suite 1600. The new office space – which was originally based on the 14th floor of the same building – will include upgraded facilities, as well as additional visitor offices and additional conference rooms.

Also, the firm will move into a new space in its Kansas City office. While scheduling has not been finalized, the firm will move to the 10th floor of its building at 4600 Madison Avenue, Kansas City Missouri 64112 in late spring of 2018. The move will give the Kansas City office three times the space it now has on the 12th floor of the same building. This gives the office – which is completely full in its current location – a greater number of offices for attorneys, additional visitors offices and expanded conference rooms.
