

INDUSTRIES

Hospitals

We have defended over 5,000 medical malpractice claims, including cases involving major academic medical centers, multi-hospital medical systems, and community hospitals, including almost all of the hospitals in the Greater St. Louis Metropolitan area.

Members of our team have recognized expertise in obstetric and pediatric claims, cardiopulmonary complications, anesthesia and surgical emergencies, neurological events and psychiatric care. Our blend of industry knowledge and litigation experience has nurtured relationships with our clients that span decades. Our unmatched reputation grows from our successful defense of the most complicated, high-exposure cases.
