Russell Makepeace and Alexander Bean were recently recognized for receiving one of the ten largest defense verdicts in Missouri in 2013.

In its annual listing of the top Verdicts and Settlements statewide, *Missouri Lawyers Media* featured Sandberg Phoenix at number eight in the Top Defense Wins of 2013. Defending a wrongful death suit against a local hospital, Shareholder Russell Makepeace and Associate Alexander Bean established that the patient had received optimal care in the face of an incurable illness. The jury then rejected plaintiff's demand for \$2.3 million, finding that the hospital was not liable for the patient's death.

"We are always grateful for our clients' trust in allowing us to defend these complex cases," said Makepeace. "Being recognized for the result like this is just an added bonus."
